EVENT DESCRIPTIONS

- **Computer Basics:** Just beginning to use computers? From the parts of a computer to searching the internet to email, if you've got questions, we have answers.
- **Conceptos Básicos de la Computadora:** Ideal para personas que comienzan a explorar el mundo de las computadoras. Desde familiarizarse con las partes de una computadora hasta el uso de internet o correo electrónico. ¡Tenemos las respuestas a sus preguntas!
- **Drop In Tech Help:** Need help navigating the internet, email, or social networks like Facebook? Have questions about your phone or tablet? Want to know how to access eBooks on any device? Drop by to get your questions answered and learn how to use tech more effectively!
- **Excel Basics:** Come with basic or better computer skills to learn how to use Microsoft Excel. We'll guide you through the basics in week 1 and formulas and functions in week 2. Join us for a single class or the whole series!
- **Online Photo Storage:** Too many photos on your phone? Running out of storage? Want to back up your photos on a different device? Learn how cloud storage can help you store, organize and manage your photos across your devices and accounts!
- **Tech Scams and Misinformation:** Concerned about scams or suspicious links in your inbox? Want to know how to protect yourself from fake tech support or online shopping traps? Join us for a beginner-friendly class on tech scams and misinformation. Learn how to spot common digital scams, recognize red flags, and stay safe online in an age of AI-generated fraud.
- **Intro to Artificial Intelligence:** Curious about AI and how it can help you in everyday life? Join us for a hands-on class where we'll explore how to safely and effectively use artificial intelligence—a powerful language tool that can help you write, learn, brainstorm, and more. Basic computer skills and knowledge required.
- **Getting Started with 3D Printing:** Curious about how 3D printing works, but don't know where to start? Come learn how to find 3D models online, the basic principles of 3D printing, and how to use a "slicer" software to prepare a model for printing! You'll leave class with a ready-to-print file you can come back and print anytime the ideaLAB is open

OTHER TECH HELP

TECH HELP APPOINTMENTS

Get personalized technology assistance and instruction on your own device or a public computer. Call 720-865-1111 or visit your local library for available times and to schedule your appointment.

DIGITAL NAVIGATORS

Digital navigators offer free, ongoing help for you to:

- get your own laptop or other device
- sign up for affordable internet
- learn how to use technology

You can schedule an appointment to meet with a digital navigator in-person or virtually by calling 720-865-3446.

COMPUTER AND INTERNET ACCESS

The following equipment and services are available at all open locations:

- Public access computers
- Wireless Internet
- Free copying, printing, and scanning
- Borrow a Chromebook and/or WiFi hotspot
- Adaptive technologies for persons with disabilities (at Athmar, Blair-Caldwell, Central, Pauline Robinson, and Rodolfo "Corky" Gonzales libraries)
