**ideaLAB OPEN HOURS**

ideaLAB is a digital media lab and makerspace. Create your own music, video, art, electronics and more. More info at denverlibrary.org/idealab

Mon & Tue 1 - 8p  
Wed, Thu & Fri 1 - 6p  
Sat & Sun 1 - 5p
3D Print a Stamp
Use free 3D modeling software to design a personalized stamp. After creating your design, your 3D model will be printed in about 1-2 weeks.

Computer Basics: Email
Learn how to send and receive email, navigate your inbox, and practice downloading and attaching files.

Computer Basics: Getting Started
Learn the basics of using a computer and practice using a mouse. No computer experience required.

Computer Basics: Internet
Learn how to use a browser to access the internet and use Google to find information on the internet.

Computer Basics: Saving & Finding Files
Learn how your computer is organized, including files and folders, and discover how to find what you're looking for.

Design Your Own Business Cards
Learn the tools Microsoft Publisher provides to make and print your own business cards.

CSS Basics
Learn what CSS is and start styling backgrounds, text and fonts. Basic HTML skills required.

Drop In Tech Help
If you have questions about navigating the web, social networks, your phone or tablet, eBooks, and more, drop by to get help and learn how to use tech more effectively.

HTML Basics
Build web pages from scratch with HTML. Learn what HTML is and use it to format text, insert images and create links.

ideaLAB Open Lab
ideaLAB is the library's makerspace! During open lab, you can try out a variety of hardware and software to create music, games, 3D designs, art and much more. Bring your own ideas and projects - there are staff to help you get started.

Microsoft Excel: Basics
Excel spreadsheets allow you to easily store, organize and modify data. Learn the basics of Excel (such as inserting text, basic formulas, AutoFill and more) by creating a personal budget.

Microsoft Excel: Conditional Formatting
Expand your Excel knowledge and learn about conditional formatting, freezing rows, and using tables. Basic Excel skills required.

Microsoft Excel: Graphs & Pivot Tables
Make your Excel workbook pop by using graphs and pivot tables to represent your data visually. Basic Excel skills required.

Microsoft Excel: Sort & Filter
Use the sort and filter features in Excel to organize your data so you can find the information you are looking for easily. Basic Excel skills required.

Power Up Your Presentations
Learn how to improve your presentation while using PowerPoint and other presentation software. Explore best practices for designing and delivering your presentation and get hands-on experience.

Skype Basics
Skype is a free internet voice and video call service. Learn how to use Skype to make video call from your computer or mobile device. Email address required.

Tech Career Talk: Healthcare IT
Explore careers in technology. Hear from a local healthcare IT professional. The informal presentation will be followed by audience Q&A.

WordPress Happiness Hour
Get the answers to your WordPress questions in an open forum hosted by WordPress experts.

WordPress.com
Learn to create your own blog or basic website with WordPress.com. Explore how to navigate WordPress, make pages and posts, add photos and customize the appearance of your website.

All classes free and open to the public. No registration required. No late entry.

CAN'T MAKE IT TO CLASS? NEED EXTRA HELP?
Call us at 720.865.1706 or email ctc@denverlibrary.org to set up a one-on-one tech help appointment.

If you need sign language or CART Services, contact SignLanguageServices@denvergov.org with at least a three (3) business day notice. For other public accommodation requests / concerns related to a disability, please contact DisabilityAccess@denvergov.org.
